REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the present invention relates to a method and an apparatus for programming a multi-value non-volatile memory device. The independent claims 1-4 recite a method and an apparatus for programming a multi-value non-volatile memory device comprising steps of programming and verifying memory cells to be given by the first threshold voltage (for example, Vt2) then go to next step of programming and verifying memory cells to be given by the second threshold voltage (for example, Vt3) and finish the program operation when said memory cells have the second threshold voltage. The PRIOR ART fails to disclose or suggest such 2 steps of programming and verifying as described in the independent claims 1-4, therefore, claims 1-4 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vu A. Le whose telephone number is (571)272-1871. The examiner can normally be reached on M-F (7:00-3:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on (571)-272-1869. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
